

# How to find a clinical trial

Print out this page and bring it with you to the research site to learn more about the trial.

- How long will the study last?
- What is the goal of the study?
- Will I be reimbursed for my expenses?
- Will travel costs be covered? From how far away?
- Will my insurance cover my treatment during the trial? Will there be any co-pays or other costs?
- Does the study include a placebo?
- How will I receive the treatment?
- Can I continue taking the study drug after the trial if it works for me?
- How will my privacy be protected?
- What can I expect at each study visit?
- What happens if I leave the study early?
- What happens if my condition gets worse or I am injured during the trial?
- Who will be conducting the study?
- What did previous studies find out about the treatment? Have the results been published?
- What are the potential risks and benefits of the study drug?
- What happens if my condition gets worse or I am injured during the trial?
- Will I receive follow-up care after the study?
- Will the results of the trial be provided to me?
